Autumn is here!

The leaves are changing colour and Halloween is just around the corner. Understandably you might not want to participate in the usual trick or treat tradition in the current climate, but why not get maintain the spooky spirit with a few of these creepy crafts?

Add some Halloween fun to your decor with this super cute pompom garland! Find full, easy to follow instructions below:

http://growingupgabel.com/halloween-garland/

Nothing screams Halloween than a bit of pumpkin carving and it is really fun to do. Anyone can give it a go:

https://www.bbcgoodfood.com/howto/guide/how-carve-pumpkin

Many of our kiddies like to go trick or treating on Halloween, but that might not be a good idea this year with the pandemic still looming, but why not still get dressed up and go on a pumpkin hunt?

You can also create your own for your window for others to find with this blank printable pumpkin template.

If you can't get your hands on a pumpkin, you could always try these milk bottle lanterns. All you need is a cleaned milk bottle, marker pen and some glow sticks!
