Even though access to the libraries is limited at the moment, we want to reassure you that you can find everything you need to progress in your studies online! You can go direct using the two links above and explore at your leisure, or read on below for just a few of the resources that are available to you:

## **Study Skills**

Our Studyskills team, Cherie and Helen, offer one-to-one advice on all aspects of your academic work - from Referencing, academic writing, researching, critical analysis, literature reviews and much more. You can either email your work to them or have a virtual 'face to face' meeting via Teams to discuss your work.

Send them an email to make your appointment: [studyskills@barnsley.ac.uk](mailto:studyskills@barnsley.ac.uk).

They also have a wealth of helpful information on their [webpages](#) including a [Referencing Hub](#) and a new [Study Skills Station - Helpsheet Hub](#).

## **Online workshops and inductions**

Normally during your first few weeks of term with us, we'd show you around the Learning Curve and HE Library in person and give you a library induction quiz and brief introduction to all of our resources. This year, we have made all of this available on a new [Library Workshop page](#), so you get all the information you need without having to come in! There are also some helpful videos to get you started with your research - learn how to log on to Athens, how to use keywords to find the results you want and much more!

## **Click and Collect**

If you have books to return or are interested in borrowing resources, please refer to our new [Click and Collect](#) page for information.

## **Ebsco Discovery, Athens, Heritage**

Heritage is our [Library Catalogue](#), it contains a record of all our books and this is where you can reserve items with our [Click and Collect service](#).

[Athens](#) is the gateway to all our online resources including journals, ebooks and much more! Most of these collections are included in Discovery (EBSCO) search. Watch out for a (D) after the database name on your MyAthens list to see exactly what is included. New to using Athens? Find out how to log on [here!](#)

NEW for 2020! [Discovery](#) - one search site for Barnsley College books, ebooks and many online journal collections - and your OpenAthens Login.

## **LRC Newsletter**

We know you miss the atmosphere that you can only get in our libraries - we can't wait until we can have more than a brief interaction with you all - so we've started the [LRC Newsletter](#) again in the hope that we can keep you informed of all the latest library services and any changes, as well as the latest suggested reading and films lists compiled by your friendly library staff members.
