Local Offer: Barnsley College.

What is the Local Offer?

Every Local Authority is required to publish information about services that are available in their area for children and young people, from birth to 25, who have Special Educational Needs and/or Disabilities (SEND); and also services outside of the area which they expect children and young people from their area will use. This will be known as the '**Local Offer**'. The Local Offer will pull together all the information about education, health and care services, leisure activities and support.

What is Barnsley College's Local Offer?

Barnsley College is a large mainstream college of further education offering a vast range of courses covering many vocational and academic areas. We have 2 curriculum departments that offer discreet provision for learners who have learning difficulties and disabilities (Learning for Living and Work).

Barnsley College has a long, proud and distinguished history in the education and support of learners with additional learning requirements.

The Additional Learning Support department is committed to helping individuals with learning difficulties and disabilities to overcome barriers to learning in order for them to progress educationally, personally and socially and to fully integrate into the college community.

Who does Barnsley College's educational provision provide for?

We will provide exceptional opportunities and inspirational learning experiences for young people aged 16-18, adults, Work Based Learners and the diverse communities we serve.

The Additional Learning Support Service (ALS) is available to all students at all levels and aims to help them achieve success in their education and careers. This includes support for:

- Physical difficulties
- Sensory impairments
- Medical conditions
- Emotional support/Mental health
- Autism/Asperger's Syndrome
- Specific Learning Difficulties including Dyslexia, Dyspraxia, Dyscalculia

Additional Learning Support

- Literacy/Numeracy/Language support
- A temporary disability

What is the size of Barnsley College's education provision?

- Vocational Provision

We have approximately 7,500 students that are currently enrolled on full time and part time courses. Of these, we have assessed and support approximately 1,000 learners. We have over 235 16-24 year old students who have a high level of learning support, and have an Educational Health and Care Plan (EHCP), who access vocational provision.

- * Additionally Resourced Provision

Foundation Learning currently has approximately 30 learners with an EHCP who access their courses. This provision is designed to reintegrate students in to education and help them achieve the skills, attendance, attitude and qualifications to progress in to the vocational provision within the College, or access the supported internship to gain employment.

Learning for Living and Work (LflW) currently have approximately 85 learners accessing their courses, all of which have an EHCP, this is part of the entry criteria to access this provision.

What are the admission criteria for Barnsley College?

- a) Entry point

Each course that is offered at Barnsley College has different entry requirements and you can find details about these in the college prospectus or by contacting the college directly.

When learners make an initial application to college there is an opportunity to tick on the application form to let us know that they have a learning difficulty or disability. This information is then sent to the Additional Learning Support Team and we will make contact with you to arrange for you to come into college for an initial support assessment. If you would prefer not to disclose a need on an application form you can talk to any of the tutors in college when you come in for a course interview, or you can contact ALS directly to discuss your needs with us.

Once we have met with you we will put together a recommended support package. If you meet the criteria for high needs support, your support package will be put in place by the Additional Learning Support Team. If not, your support

Additional Learning Support

package will be put in place by the curriculum team.

b) In-year admissions

Learners can come and see us in the ALS department at any point during the college year to discuss their support needs. Alternatively, they can talk to their tutors or other staff members who will contact us on their behalf.

Tel: 01226 216769 - als@barnsley.ac.uk

Who is the SEND lead within the College: Liz Burkey.

Who is the SEND Governor within the College: Marie Lang.

Who should I contact if I have a compliment, concern or complaint about the support at Barnsley College?

The College strives to provide an outstanding learning experience for all our learners and customers. Comments about our services are actively encouraged and acknowledged as a valuable source of information that we can use to improve the quality of provision to learners.

Learners and users can bring their concerns to the attention of the College either informally or formally.

In the first instance contact the relevant member of college staff to discuss any issues or concerns. This could be someone in the curriculum area that you are studying in, your ALS Coordinator if you have an EHCP or Siobhan Evanson, Head of Additional Learning Support, on 01226 216330. Course Tutors and Tutorial Learning Mentors are also there to offer support and guidance if learners experience any problems or difficulties with any aspect of College life, or problems which may affect their progress. Tutorials are part of your learning and a key focus of this is to sustain learner motivation, help keep your progress on track and monitor attendance etc.

If you do not feel that any issues have been resolved to your satisfaction, please follow the formal complaints procedure below.

Formal complaints

You can make a formal complaint either verbally or in writing. All formal complaints should be passed to the Director of Quality and Performance, Kurt Taylor. k.taylor@barnsley.ac.uk 01282 21656
