Support

If you have an Education, Health and Care Plan, the Additional Learning Support (ALS) team will put support in place to help you during your lessons.

Both the support workers and your tutors will know your needs and will work with you to achieve your goals. Our support will be tailored to you and will be discussed during your initial assessment.

How do I get support?

When you apply online at www.barnsley.ac.uk/publicservices you will be asked if you have a learning disability/difficulties. If you have, your information will be sent to ALS.

When you declare a learning need ALS will contact you to organise an initial assessment.

The initial assessment is where you meet one of the ALS Co-ordinators, who will discuss your learning needs and how to best support you while in College.

After the initial assessment, a plan highlighting the support that will be provided will be produced for you.

This support plan will be passed onto the Public Services department and we will also send a copy to you at home.
