

How to apply through Clearing

If you've decided that Clearing is the next step for you, see our guide to applying below. If you've already decided you want to apply for a place at Barnsley College Higher Education through Clearing, call ☎ 01226 216 106.

1.

Research courses and universities

Look at the UCAS clearing listings and visit university/college websites directly to see Clearing course listings. University/college websites will also give you up-to-date vacancies and more detail on entry requirements.

Look at their websites, read their online prospectus, see if there are online campus tours, Google the local town or city, and check out the transport links to get a feel for the institution.

2.

Contact your chosen universities/colleges

When you have identified the course you are interested in, contact the institution as soon as possible. Most universities/colleges have dedicated Clearing phone lines, email addresses and online chat, and you can contact as many as you like.

To apply for a place at Barnsley College Higher Education through Clearing, call ☎ 01226 216 106.

3.

Attend a Clearing Open Day

Many universities/colleges will run open days for Clearing students in the days immediately after A Level results day. Nothing beats visiting a university/college to find out if it feels right for you.

The dates for Barnsley College Higher Education 2022/23 Open Days will be published on our website. Keep checking regularly for updates: 🌐 www.barnsley.ac.uk/events

4.

Accept your offer

When you have an offer you want to accept from a university or a college, you'll need to log into UCAS Hub and add the institution to your Clearing choice. They will then confirm this and your offer will have been accepted. You can only add one university or college at a time.

5.

Consider waiting

It's ok not to go to university or college this year, or ever. If it doesn't feel right, step back and give it some time. If you still want to go, ask your school or college or advice on re-applying next year.

For more detailed information about our courses, visit 🌐 www.barnsley.ac.uk/highereducation or call ☎ 01226 216 123.
