Lessons

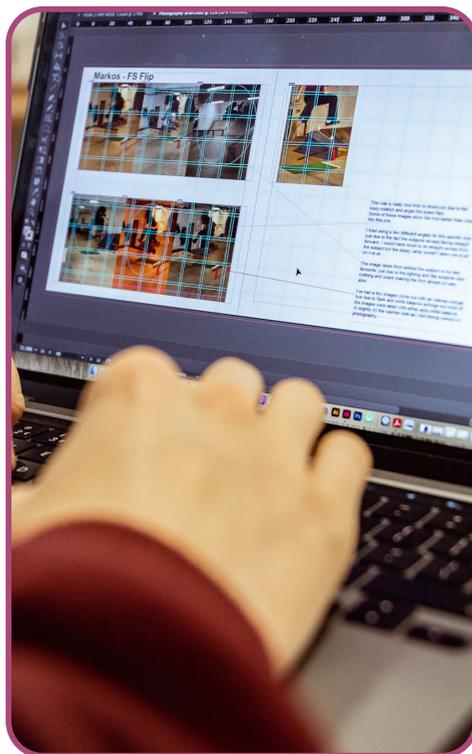

In Art, Graphics and Fashion you will have the opportunity to work with a range of media such as fine art, textiles, ceramics, 3D, printing and jewellery.

In lessons you will work in sketchbooks researching techniques and artists before developing some ideas influenced by your research. Your sketchbook will be assessed throughout the year, culminating in your final major project which will be showcased at the Arts Festival in June.

Do I need to do English and Maths?

If you have a grade 4 or above in GCSE English and Maths, you will not have to study them at College.

If you have a GCSE in English and Maths below a grade 4/D, you will need to attend two GCSE Maths and/or two GCSE English lessons each week. These will be on your timetable. If you are working below this level, you can do Functional Skills instead. You will be exempt from this if you have an EHCP.

Arts Festival

Every year the Art, Graphics and Fashion department hosts the Arts Festival in the Electric Theatre.

The event showcases all the final major projects from Art, Graphics and Fashion students for that academic year. You will be given the opportunity to invite friends and family to the preview evening before the event opens to the public. The Arts Festival opens in June and lasts for a week.

The department also organises opportunities for students to showcase their art installations, fashion designs and prints in professional galleries. Past events have included a print exhibition at The Cooper Gallery in Barnsley and a fashion show featuring students' designs.

Support

If you have an Education, Health and Care Plan, the Additional Learning Support (ALS) team will put support in place to help you during your lessons.

Both the support workers and your tutors will know your needs and will work with you to achieve your goals. Our support will be tailored to you and will be discussed during your initial assessment.

How do I get support?

When you apply online at www.barnsley.ac.uk/art you will be asked if you have a learning disability/difficulties. If you have, your information will be sent to ALS.

When you declare a learning need ALS will contact you to organise an initial assessment.

The initial assessment is where you meet one of the ALS Co-ordinators, who will discuss your learning needs and how to best support you while in College.

After the initial assessment, a plan highlighting the support that will be provided will be produced for you.

This support plan will be passed onto the Art, Design and Fashion department and we will also send a copy to you at home.
