

Music and Performing Arts

Audio Production Techniques (Mixing and Mastering) Part-time

In Brief

Start Date / Duration

This course will run at various points throughout the year, it will run on an evening to be confirmed from 6.00pm-8.00pm and will take 8 weeks to complete.

Entry Requirements

This course is aimed at beginners. A general interest in music and production is recommended.

You will achieve

This course is not formally assessed. On completion of the course you will be awarded a Barnsley College certificate.

Course Overview

This course is a practical and fun introduction to mixing and mastering music. It is designed to follow on from our Audio Production Techniques (Recording) course, but is suitable for anyone with an interest in audio and music production, either as a performer, sound engineer or producer. You will work in small groups and individually to mix and master audio; supported by our knowledgeable, friendly staff.

Course Content

You will be shown, over an 8-Week period, a variety of production techniques to mix and master audio.

This will include an introduction to our industry standard, ProTools based, digital recording studios and related music equipment.

You will cover:

- Session setup
- Importing
- Editing
- Channel strip
- Routing
- Balancing
- Equalisation

- Dynamic Processing
- Effects
- Master bus processing
- Mix down/exporting
