

Construction

Joinery: Site Carpentry Level 3 Full-time

In Brief

Start Date

Starting in September, the course runs for a year.

Entry Requirements

Level 2 Site Carpentry

You will achieve

NOCN_Cskills Awards Level 3
in Site Carpentry
(Construction)

Course Overview

This level 3 carpentry qualification is relatively new for City and Guilds and is aimed at those individuals who work or want to work as a Site Carpenter in the construction sector. At this level, you will learn advanced skills in site carpentry. The qualification has been devised to provide learners with a fantastic understanding of all aspects of carpentry; a very in depth course to have you industry ready and competent across a range of skills.

Course Content

The Level 3 Site Carpentry Diploma allows you to learn, develop and practise the skills required for employment and/or career progression in Site Carpentry.

You will learn a variety of carpentry skills; the full qualification consists of the following units:

1. Health, safety and welfare in construction

2. Carry out first fix flooring and roofing

- construct roofing structures
- fix verge and eave components
- lay floor joists
- fit and fix joist coverings

3. Carry out second fixing operations:

- install doors and ironmongery
- fix mouldings
- install service encasements and cladding
- install kitchen units, worktops and fitments

4. Principles of organising, planning and pricing construction work:

- Understand different types of drawn information in construction
- Understand energy efficiency and sustainable materials for construction
- Understand how to estimate quantities and price work for construction
- Understand how to plan work activities for construction
- Understand how to communicate effectively in the workplace

5. Carry out first fix roofing and stairs:

- Understand how to construct a traditional cut roof
- Understand how to fix a flight of stairs with a quarter turn

6. Carry out second fixing double doors and mouldings:

- Understand how to install double doors and ironmongery
- Understand how to install curved and raking mouldings

7. Set up and use fixed and transportable machinery:

- Understand how to inspect and maintain fixed and transportable machinery
- Understand how to use fixed and transportable machinery efficiently and safely

How will I be assessed?

Throughout the study programme your work will be assessed for a Pass, Merit or Distinction grade. Achieving this Diploma means that you have reached the standards expected by the industry.

What Equipment Will I Need?

Work boots, gloves and eye protection will need to be purchased prior to starting your course, financial assistance may be available.

Where will I study?

Construction Centre
Honeywell Lane
Barnsley
S75 1BP

What can I do next?
