None.

(Access to a computer and the internet is essential to complete this course but you can use equipment in the College's learning resource centres if it's not available at home).

You will achieve

- Level 1 Certificate in Employability Skills
- Maths and English at an appropriate level

Course Overview

The Fresh Start programme is an individualised, flexible online programme which will assist people aged 19-24 years to re-engage with education. It is studied in a flexible manner in order to fit the programme around other commitments. The programme duration can be between 10 weeks and a full academic year depending upon the number of hours committed by you each week. The programme is unique to your aspirations and can be designed to be completely generic or aimed at a particular vocational area. Meetings with a personal tutor (either in person or online) will be scheduled every two to three weeks in order to provide ongoing support and a weekly drop-in Maths and English session will be available at College.

Course Content

L1 Certificate Mandatory unit

- Understanding how to be Successful

You can then choose 4 further units from the following;

- Health and safety in the workplace

- Job seeking skills
- Equality and diversity at work
- Employment skills
