

Media and Photography

Photography Intermediate Part-time

In Brief

Start Date / Duration

This course will start on 16 April. Classes every Tuesday between 6pm and 8pm for 10 weeks, term-time only.

Entry Requirements

You will need to have either completed our [Photography for Beginners](#) course or have an intermediate level of knowledge in photography and computer literacy. Please view our beginners course if you feel you want an introduction to all things photography and learn new camera skills.

You will achieve

Although no formal qualification will be achieved you will achieve invaluable experience and be awarded with a Barnsley College certificate.

Course Overview

You have learnt the basics and know your way around a camera, you feel confident enough taking photos and gaining the look you set out for and now you're ready to explore more photography areas in depth.

We can help you explore several new areas of photography and teach you how to apply your skills to learn new techniques and styles. Working through several small projects we will push your skills to develop as you find a style you are comfortable with. This course will cover genre based areas of the photography industry in more depth such as studio, new-born, wedding, travel, portraiture and more.

Both photography and editing will take place as you explore the theories behind the compositional make up of an image and how to create focus and draw in new detail to photos post editing.

Course Content

During your sessions you will work in the studio, outdoors (weather permitted) and classroom covering a selection of the following areas of the photography industry:

- Weddings

- Portraiture
- New-born/Infants
- Studio and studio set-up
- Product/commercial
- Food/catering
- Travel
- Street/urban
- Studio and studio set-up

The course will cover the overlapping skills and techniques used in the above environments and allow you to further enhance your photography knowledge through practical activities and hands-on learning.

How will I be assessed?

There is no assessment for this course.

What Equipment Will I Need?

If you have a DSLR or Mirrorless camera, please bring it along. A camera will be provided if you do not have your own.

Where will I study?

SciTech Digital Innovation Centre
Falcon Street
Barnsley
S70 2EY

What can I do next?

You can use the skills gained to take photographs and could explore further study in photography.

How much does the course cost?

This course costs £200. There is no funding available so all learners must pay this full fee.

Extra information

Full Fee Payable
