Course Overview

This two-year study programme is perfect if you want to develop your knowledge of the management and administration sector and work in roles such as Administration Assistant, Supervisor or Office Manager.

T Levels combine technical knowledge, practical skills specific to management and accountancy and an industry placement, which equips you with the knowledge and skills employers are looking for, along with real experience of the workplace. You will spend 80% of your time in the classroom and 20% on a 45-day industry placement.

Your T Level will be worth UCAS points (a T Level Distinction* is worth the same as 3 A levels at A*) and will be recognised by universities and other education providers so you can choose to continue studying if you wish.

Students who achieve a T Level will get a nationally recognised certificate which employers will use as evidence in their recruitment.
