Course Overview

This qualification provides you with an introduction to computerised accounting software, bookkeeping and banking procedures.

The **SAGE Accounting** course provides underpinning knowledge of double entry bookkeeping and the principles of banking procedures using a computerised accounting application. This is a great introduction ahead of progressing to further computerised accounting / payroll courses or AAT qualifications.

As part of the course, you will be provided with access to *Sage software and course materials on an online portal so that you can study outside of class time at a time to suit you. Resources available will include formative and practice simulations and workshops will be held on **Tuesdays 1.30-4.30pm** where a tutor will be available to support you and answer any questions.

*software is not compatible with Windows XP or Apple Macs – unless you are running Windows Vista or Windows 7 via Apple's Boot Camp utility

The course will give you the most up to date skills that will enhance your employability or help you to run the finances of your own business.
