In Brief

Start Date / Duration

This course can be started at any time. Study of this course is self-directed so it is up to you how quickly you complete. You will have online access to content for 12 months.

Entry Requirements

This online course will require candidates to hold the 17th Edition Wiring Regulation qualification.

You will achieve

You will achieve a Level 3 Award in the Requirements for Electrical Installations BS 7671:2018 (2382-22).

Course Overview

This virtual learning package offers the perfect solution if you currently hold the 17th Edition Wiring Regulation qualification but are struggling to study the latest regulation updates alongside your job.

This flexible course will provide you with 12-month access to tutorials for each unit of study, accompanied by periodical online assessments.

The focus of this self-study online course is to ensure candidates understand the 18th Edition Wiring Regulations. It will cover any changes made from the previous edition and how to implement these in the real world.

If you have passed your 17th Edition since the most recent amendment, then this course is the one for you. This course is great to keep up with the most recent updates without having to re-study subjects which you are already competent in. Please be aware that this is not a shortcut, and that you will still need to sit the 60-question, two-hour exam.
