Level 1 Introduction to Culinary Skills and Hospitality Service.

Course Overview

This course is ideal for you if you are interested in the hospitality and catering industry and want to develop your core cookery skills.

Course Content

In the kitchens, you will learn how to prepare and cook meat, fish and poultry dishes. Alongside this, you will develop your making of soups, stocks, sauces and the preparation of vegetables.

Once you have mastered your core cookery skills, you will then develop them further by looking at different cookery methods including boiling, poaching and steaming, stewing and braising, baking, roasting, and grilling.

How will I be assessed?

Lessons take place in our kitchens that are designed to replicate industry kitchens. While this course is very practical, theory elements will underpin the skills you learn in practical lessons for example teaching you about food safety, hygiene and healthy eating.

What Equipment Will I Need?

We run a very professional department and your uniform and equipment is integral to that professionalism.
