INTRODUCTION

Barnsley College Remuneration Committee is a Committee of the Board established under the terms of clause 4 of the Articles of Government (August 2013).

The purpose of the Committee is to advise the Board of Governors on specific remuneration packages of the Principal and other senior post holders. The role of the Committee is specifically to:

- Ensure that senior post holders are fairly rewarded in relation to the individual **contributions to the College's overall performance and**
- To demonstrate to the public that the pay of senior post holders is set by a committee which has no personal interest in the outcome of its decision and which gives due regard to the interests of the public and the financial health of the College.

The Committee evaluates annually the remuneration packages of senior post holders against pre-established goals and objectives and an appropriate peer group.

The Committee is made up of no less than three governors and includes the Chair and Vice Chairs of the Board. The Principal, staff and student governors are ineligible for membership.

APPROACH TO REMUNERATION

The remuneration committee is concerned with all aspects of the employment of senior post holders, including recruitment, promotion, retention, setting and reviewing performance targets. The committee is also responsible for reviewing and making decisions on the remuneration, terms and conditions of employment of senior post holders, taking account of affordability, comparative information on the remuneration, benefits and conditions of employment from within the further education sector and other organisations of a comparable size/turnover.

The College Appraisal Policy sets out the framework under which appraisals for all staff are carried out twice a year and explains the alignment of individual objectives with the **College's strategic** priorities, purpose and values. In respect of senior post holders, the performance objectives are agreed by the remuneration committee and reports on their performance are provided to the committee to inform their decision making in respect of the consideration of salary progression.

The College's Pay Policy applies to all staff but excludes senior post holders. In conjunction with the Appraisal **policy, it is designed to motivate staff to achieve the College's strategic objectives. Both** the Appraisal Policy and the Pay Policy were reviewed in December 2020 and October 2021 respectively.

Decisions on the salaries of senior post holders are informed by market data including

- salary benchmark data for same-level staff in comparable colleges (derived from the AoC Survey of Remuneration of Management staff and Senior Postholders to include colleges in Yorkshire & Humberside and with similar turnover).
- economic conditions and competitive forces within the local community,
- pay awards given to wider college staff
- **affordability, as determined by the College's financial performance**
- whole college performance against strategic objectives and key performance indicators approved by the Board
- individual performance against objectives set as part of the annual appraisal process
- benefits in kind
- pension entitlements

In respect of recruitment, the College aims to recruit senior post holders using remuneration packages that are market-competitive and consistent with the existing remuneration structure. In doing so, the College seeks to pay no more than necessary to attract talented individuals. Newly recruited senior post holders are subject to a probationary period and are eligible to receive the same remuneration elements as existing senior post holders, namely salary, set at an appropriate level taking into account the experience and quality of the candidate, and membership of the appropriate pension scheme.

The College does not expect to make special recruitment arrangements outside the standard policy, but may do so in exceptional circumstances in order to secure the appointment of the right candidate.
